Questions 14 - 18

For each question, choose the correct answer.

NO ORDINARY PET

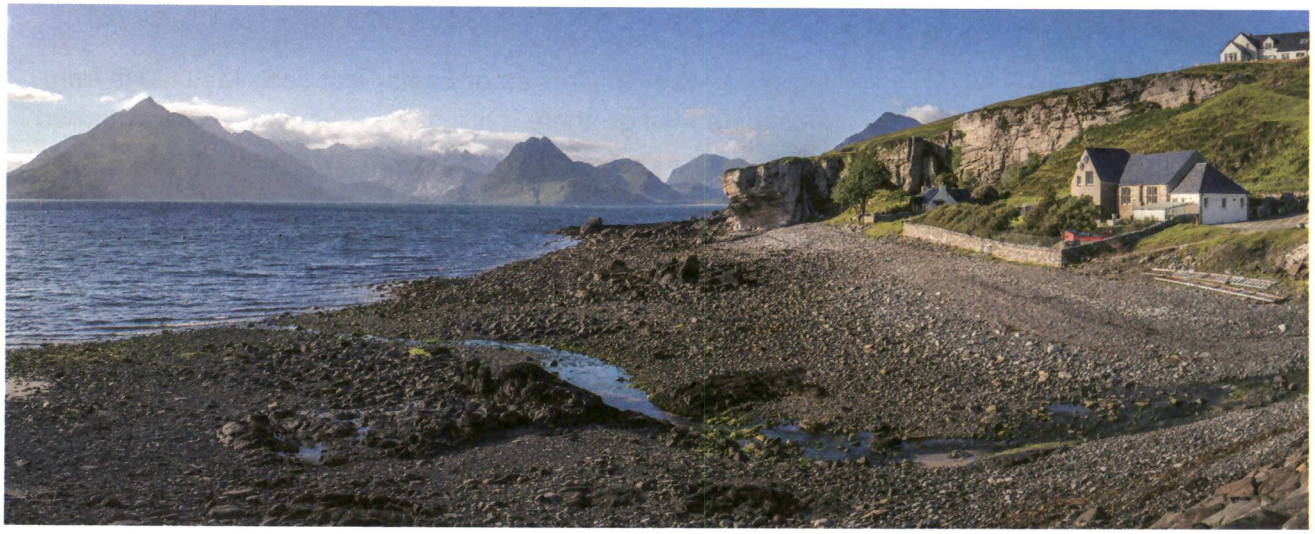

Jimmy is a very special dog. He lives with Sarah and Kevin Ashby and their parents in Cornwall. However, it is surprising that Jimmy is still living in Cornwall after he spent a year having an adventure!

It all started when the family went on holiday. They travelled five hundred miles to Scotland by car from Cornwall with their dog sitting on the back seat with the children. They all had a wonderful time. They walked up mountains and Jimmy loved jumping into the lakes, or 'lochs' as they are called in Scotland. The whole family did everything together.

On the last day, the Ashby family packed their suitcases to go home. When they finished, Jimmy wasn't there. The whole family spent hours trying to find him, but they couldn't. At last it was time to go home. The children were very upset and said they didn't want to leave without Jimmy. The family drove back to Cornwall without their pet. They thought he was lost forever.

For a year, the family were very sad. They hoped someone would find Jimmy. They even thought about getting a new dog, but they knew that no dog would be as good as Jimmy.

A year later Sarah heard a strange noise outside the door of their house. When she opened it she found Jimmy standing there. The whole family cried because everyone was so happy that Jimmy was home. To this day, no one knows what Jimmy did during that year away!
